Summary of science education/teaching experience

We are interested in your prior experience and interest in science teaching and education in formal or informal settings, for pay or as a volunteer.

Summary of experiences with underrepresented populations

Graduates of the Noyce Scholarship program are required to teach for two years at a high-need public school. We are interested in your experience in working with bilingual/underrepresented children or adults in formal or informal settings, for pay or as a volunteer.

Summary of interest/expertise in the sciences (include relevant coursework, employment or research experience)

Educational/Career Essay – Please attach a typed essay describing your

- (1) experience, interest & commitment to teaching science at the K-12 level.
- (2) understanding of science inquiry as a process of knowledge-making and applications of technology to teaching and learning.
- (3) level of proficiency in a second language and interest in teaching bilingual or underrepresented populations.

Letters of recommendation:

Use the forms that follow to solicit 3 letters of recommendation as follows:

- One letter from a person who has supervised your experience working with children or youth in a formal or informal setting, for pay or as a volunteer
- One letter from an instructor of an upper division course at the college/university level
- One letter from a personal reference who is not related to you
